

PRESS RELEASE

Jehovah's Witness Convention Returning to Oklahoma City

*Jim Norick Arena to Host the First Large Convention of
Jehovah's Witnesses Since 2019*

OKLAHOMA CITY – August 19, 2023 – After a three-year pandemic pause, one of the largest convention organizations in the world has once again chosen Oklahoma City to host its global three-day event, the 2023 "Exercise Patience"! Convention.

Prior to 2019, summers in Oklahoma City were marked by Jehovah's Witnesses filling hotels and restaurants as they attended their annual conventions at the Jim Norick Arena. In 2020, the pandemic interrupted that tradition in Oklahoma City when the Witnesses canceled their in-person events throughout the world and held their convention programs as virtual events in more than 500 languages. The Witnesses brought that tradition back to Oklahoma City beginning in May of this year.

"Meeting virtually during the pandemic was a blessing. We were able to enjoy excellent teaching in the comfort of our homes with our immediate family," said Matthew Fernandez, spokesman for Jehovah's Witnesses. "However, nothing compares to being in person to enjoy the company of old friends and to make new ones. We are excited to be together in Oklahoma City for our "Exercise Patience"! Regional Convention, or as it is phrased in Spanish, our "Tengan Paciencia"! Asamblea Regional."

Some 6,000 conventions will be held worldwide as part of the 2023 "Exercise Patience"! Convention series. In the United States alone, more than 700 conventions will be held in 144 host cities. From Friday through Sunday, six convention sessions will explore the quality of patience, highlighting its modern-day relevance through Scriptural examples. A live baptism will be performed following the Saturday morning session and a prerecorded drama will be featured in two parts during the Saturday and Sunday afternoon sessions.

"As Christians, we have a strong desire to develop qualities like patience. Despite our best intentions, though, demonstrating patience in difficult times can be a challenge. This three-day convention will help us understand the true significance of patience and how to exercise it in our daily lives," said Fernandez.

Jehovah's Witnesses have been holding public conventions in stadiums, arenas, convention centers, and theaters around the world for more than 100 years. After resuming smaller in-person meetings and their

public ministry during 2022, the summer of 2023 marks the first time they will gather at much larger regional events around the world since the lifting of pandemic restrictions.

The convention is open to the public and no collection is taken. For more information on the program or to find other convention locations and dates, please go to jw.org and navigate to the “About Us” tab.
